You should join our team... become a volunteer at ST. MARY'S HOSPITAL CENTER!

St. Mary's Hospital Center is part of the McGill Teaching Hospital Network and the Montréal West Island IUHSSC. Easily accessible by public transport, St. Mary's Hospital Center is a small community hospital providing care to a multicultural clientèle aged 0 to 110.

Our birthing centre is the busiest on the island of Montréal and our Emergency Department is one of the highest-rated in the city. We are a hub for teaching and research, and we are proud to help advance best practices.

Become a volunteer! You can make a positive and meaningful contribution to the lives of our patients and their families!

Volunteers provide support to patients in cancer care, psychiatry, medical imaging, surgery, geriatrics, dialysis, emergency, palliative care, and spiritual care. They provide administrative support in the archives, in the clinics, and nursing stations, and in the offices. They also support the hospital through fundraising at the gift shop, the coffee shop, the book corner, and at special events. The list is long!
