**Become a volunteer! You can make a positive and meaningful contribution to the lives of our residents and their families!**

Volunteers accompany our residents during weekly activities, special events, excursions and celebrations. They help during meal time, visit with our residents, provide them with spiritual support, and accompany them to religious services or to minor medical appointments. Volunteers also offer end-of-life support. In addition, volunteers help the staff with administrative tasks and participate in special projects. The list is long!
