

ETHICS FRAMEWORK

DO YOU HAVE ANY ETHICS QUESTIONS?

- Are you wondering “*What is the right thing to do?*”
- Do you feel caught between conflicting obligations, for example: the safety of a patient and respect for their autonomy?
- Are you faced with multiple options, and are looking for the best decision in a given situation?
- Are you confronted with a situation where you feel uneasy, moral distress, conflicting values?
- Do you have questions about a research project?

CLINICAL ETHICS

- Clinical setting, user care and services
- Disagreement, concern or doubt relating to care and services for a user
